*Knowledge Spillovers related to
the Efficiency of Business
Innovation and Learning
Process within High Growth
Firms and Technology
Heterogeneity*

Aims & Objectives

- ✓ **SPILEF contributes** to the current literature in a plethora of ways! Thus:
 - We *undertake ambitious new research* to address gaps in the evidence base relating to **innovation, firm growth and productivity**.
 - We *target in linking research outputs with policy suggestions* generating a channel of timely access to a **robust knowledge base** facilitating effective **strategic decisions for the stakeholders** e.g. firms, policy-makers.
- ✓ **SPILEF enhances the capacity of young as well as senior researchers** by providing challenges and opportunities to develop & deepen their research interests by creating an internationally competitive environment to strengthen both their own professional profiles as well as that of the Department of Economics and the University of Patras.

SPILEF structure & outputs

SPILEF develops in Research topics.

Each Research Topic includes sub-topics relating to the **6 Work Packages**.

Includes **deliverables** of many kinds, such as:

- ✓ Research papers published in conferences and peer-reviewed journals
- ✓ Technical Reports
- ✓ Biannual Reports
- ✓ Policy briefs
- ✓ Databases
- ✓ Focus Groups
- ✓ Workshop

Research Team

- ✓ SPILEF brings together **10 researchers** with diversified but complementary specialization backgrounds to produce **interdisciplinary solutions** to real world business problems.
- ✓ All of us are guided by the concepts of **research excellence** and **work satisfaction**.

Funding & PI
